CONFERENCE (NRC INSPECTION REPORT NO. 70-1201/2008-001), AREVA
NP, INC. (LYNCHBURG) – DOCKET NO. 70-1201**

Dear Mr. Grandemange:

This letter refers to the meeting conducted at your request in the Region II office on May 28, 2008, at 1:00 p.m. (EDT). The meeting's purpose was to discuss the apparent violation associated with the shipment of fuel service equipment to Watts Bar Nuclear Plant on February 4, 2008. Enclosed are a list of attendees and the presentation handouts.

During the meeting, you and other members of the AREVA NP organization presented information regarding the causes and corrective actions that were identified in response to the enforcement issue. The meeting was beneficial and provided the NRC with a better understanding of the fuel cleaning equipment design in addition to your immediate and long term corrective actions.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosures will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

D. Grandemange
