Revised Boundary Drawings to Support NRC Review of Application for Renewed Operating Licenses

- Reference:
1. Application for Renewed Operating Licenses dated April 11, 2008, Accession Number ML08113666
 2. Supporting Information for NRC Review of Application for Renewed Operating Licenses dated April 11, 2008, Accession Number ML081140720
 3. Supplemental Information Regarding Application for Renewed Operating Licenses dated May 16, 2008

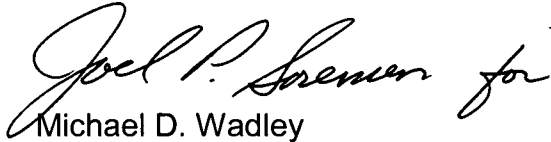

In Reference 1, Nuclear Management Company, LLC (NMC) submitted an Application for Renewed Operating Licenses (LRA) for the Prairie Island Nuclear Generating Plant (PINGP) Units 1 and 2. In Reference 2, an information set of License Renewal Boundary Drawings was provided to assist the NRC review of the LRA. Reference 3 supplemented the LRA to incorporate within the scope of License Renewal additional components related to Station Blackout recovery.

To reflect the LRA changes provided in Reference 3, the affected Boundary Drawings have been revised. Updated copies of the three affected drawings are enclosed. These drawings supersede the earlier revisions of the three drawings included in Reference 2.

If there are any questions or if additional information is needed, please contact Mr. Eugene Eckholt, License Renewal Project Manager.

Summary of Commitments

This letter contains no new commitments and no revisions to existing commitments.

Michael D. Wadley
Site Vice President, Prairie Island Nuclear Generating Plant Units 1 and 2
Nuclear Management Company, LLC
