Re: Wyandotte Municipal Service  
NRC Material License No 21-25984-01

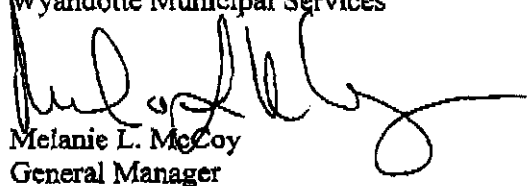

Dear Ms Pelke,

In accordance with Wyandotte Municipal Services Material License, we are notifying you within 30 days that we are in transition and replacing the Radiation Safety Officer of record. In order to maintain our license, the following is our transition plan:

1. Contracting with David Dumas, who is trained and was the licensed as the RSO for Detroit Edison.
2. Mr. Dumas is trained and familiar with the 5 coal flow indicators we currently have on site.
3. Mr. Dumas will be reviewing, evaluating and recommending modifications needed to our program beginning June 11, 2008.
4. Currently Wyandotte has 2 trained and certified maintenance technicians – Mr. Ed Manthey and Mr. Mike Bzura.

We appreciate your support in this interim transition plan. If there are any additional requirements, please contact me at 734.324.7111.

Sincerely,  
Wyandotte Municipal Services

Melanie L. McCoy  
General Manager
