**To:** James Montgomery  
**Subject:** Training for NRC license

James,

Monsanto, Soda Springs Plant, will require any employee who is to be listed on our NRC license, who will be a user of radioactive materials to have successfully completed a Radiation Safety Officer Course. These courses are typically 40 hours in length. All employees currently on the license or that are being petitioned to be on the license have completed this course.

Thank you,

Dave Matyus
