Subject: Hematite Documents in Support of June 2008 Region III Inspection
(License No. SNM-33, Docket No. 70-36)

- Reference:
1. Westinghouse Electric Company, "Survey Plan For the Proposed Rail Spur," Work Plan WP-2008-006, May 20, 2008.
 2. Westinghouse Electric Company, "Sampling Plan for Engineering Final Design" Work Plan WP-2008-006, May 20, 2008.
 3. EnergySolutions' "Hematite Supplemental Characterization Report," Rev. 0, February 22, 2008, Volumes 1 & 2.
 4. EnergySolutions' "Supplemental Characterization Survey Plan," Rev. 0, November 03, 2007.

Dear Mr. McCann:

This letter transmits to the Nuclear Regulatory Commission (NRC) the referenced informational documents for review as requested by NRC staff in support of the pending June 2008 inspection.

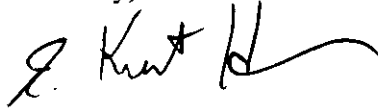

The results obtained from the radiological surveys of Buildings 110, 230 and 231 are provided in Volume 1 of the "Hematite Supplemental Characterization Report". The portions of Volume 1 that are most closely associated with these building surveys can be found in Section 3.0, *Instrumentation*; Section 4.0, *Survey Design*; Section 6.0, *Building Data Collection and Results*, and in Section 7.0, *Summary and Conclusions*. The documentation associated with each of the individual survey packages and the individual radiological measurement results are provided in Appendix A, *Survey Packages and Results by Survey Area*. The instrument calibration records and operability checks can be found in Appendix B, *Instrument Calibration and Source Check Data*.

Additionally, the laboratory analytical reports for the samples obtained from the openings of building drains can be found in Volume 2 of the "Hematite Supplemental Characterization Report", Appendix C, *Soil and Miscellaneous Sample Analytical Results*.

RECEIVED JUN 12 2008

If you have any questions concerning this letter or the attached informational reports, please contact Michael Bourassa, Hematite Licensing Manager, at 314-810-3339.

Sincerely,

A handwritten signature in black ink, appearing to read "E. Kurt Hackmann". The signature is fluid and cursive, with a prominent "E" and "K".

E. Kurt Hackmann
Director, Hematite Decommissioning Project

After printing this label:

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

Warning: Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number.

Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on fedex.com. FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$500, e.g. jewelry, precious metals, negotiable instruments and other items listed in our Service Guide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
