DOCKETED  
 USNRC

OFFICE OF SECRETARY  
 RULEMAKINGS AND  
 ADJUDICATIONS STAFF

Insert personal comments here: : Dear Honorable (I Hope!) Secretary!

Please...

Keep "your (& Energy /non-Solution/ Pollutions)" (non-organic, non-healthful, non-American) "stinkin' lousy, rotten garbage" where it was created...

Along with such "foreign im-posts" -- please prohibit "all" such egregious (Impositions) on "US" (by domestic demons too)!! If an industry wants to "profit at the expense of others" -- let them take "personal (rather than corporate) liability" -- anytime they start a "venture"... for the total system "cost" of their "toxic brainchildren"... yes, we need (now) an "extended lifetime warranty" (for ourselves -- not someone else's life-constraining "power-play")!

Also, let the "waste be disposed of" at the same location as it is created -- thus, you won't have people "running off like chickens with their heads cut off" -- to create energy, or any other "consumer good(??)" -- without having a "complete ("self-contained") life-cycle plan"; and thinking that they can off-load their "guano waste" on the "(ignorant?) birdbrains" -- who have to deal with the messy aftermath!

Please:

- \* Penalize the Polluters!
- \* Make them (energy corp. executives) Personally Responsible!
- \* Protect the Public!
- \* Keep (your) stinkin' trash out of the "Western Wastebasket" (Utah) -- remember, we have National Parks, and "Heritage Sites" to be protected too!

Otherwise, -- you must consider yourself a "(un-?)true politician" (or worse, a "prostitute" (to pandering) by savvy entrepreneurial sharks/ lobbyists -- who are "guilty of potential genocide", or future Superfund fiascos)!

WHAT About "Re-Processing" this waste -- the US Energy Commission has published eminent scientific papers indicating that we are well-capable of "significantly? de-toxifying" (making inert) this "baleful bane"... to prevent its imminent threat (to our collective well-being).

Think about it... is it not Government's 1st (#1, Numero Uno) (and foremost) responsibility -- to "protect & preserve" ("support & defend") the Populace -- along with the Constitution?!!

Template = SELY-043

Secy-02

Where are your priorities?; -- and who comes first -- a filthy-lucre-minded money-laundering (and it does need "laundering") -scheme hatched by "brilliant (bent-on-destruction) businessmen"; or else, the "innocent, unsuspecting public!"?

All it takes is just one (imported, or home-grown) Chernobyl, 3-Mile Island, etc. accident to ruin a whole (just take your pick --): day, ecosystem, ski-lovers' paradise, wilderness (National Parks) refuge, Mormon enclave (could you be accused of "religious bigotry/discrimination" -- by choosing to "potentially ex-terminate" those who (originally) came here simply to be "free from Governmental oppression(s)"?)!!

Additionally, aren't we in the process of conducting a "War on Terror"?? Have you ever considered what/how a suicide-bomber might plan to wreak havoc on America with such "junk in transit"?? (I know, since I was a military officer in charge of studying such a matter during my Active Duty service)!

Please be a Patriot (pretty please) -- not a "Prostitute" (because that path/potential damage will not be "very pretty"!)

Thanks.
