Subject: Stop EnergySolutions' Italian nuclear waste import submission

Insert personal comments here: : There is no part of me or anyone that I respect who would consider taking on the baggage that comes along with nuclear waste. I teach high school in the city and to start importing products and waste materials as hazardous as nuclear waste to a state as pristine as our Utah, regardless of the location is a ludicrous idea in my opinion, no matter the payment amount. Please reject the solution submitted by EnergySolutions. The sources of this material are not fully known and the risk is far to great. Thank you.
