Subject: Stop EnergySolutions' Italian nuclear waste import submission

Insert personal comments here: : We do not want to have countries ship their nuclear waste to Utah so that Energy Solutions can profit at the expense of creating a real health risk to those of us that live here.

Any country that generates nuclear waste should be responsible for retaining the waste that they generate, and not allowed to ship it off to someone else. Allowing Energy Solutions to accept nuclear waste from Italy opens the door for bringing outside nuclear waste from all countries into Utah and once this begins it will be unstoppable. Do the right thing.
