Subject: Stop EnergySolutions' Italian nuclear waste import submission

Insert personal comments here: : Dear Office of the Secretary,

Why on earth would I want Italy's radioactive material shipped to Utah? How does this help my family stay safe and grow up healthy? It seems crazy to ship garbage across a sea (think of that carbon foot print), to bury it in Utah. Please do not allow this to happen. Give unto Italy what belongs unto Italy. We have our own radio active waste to deal with... and that is a big enough problem. This stuff is evil and no one will benefit except Energy Solutions and the Italians. Let's do what is right for America and our children and their children and their children and (get the picture?) Radioactive materials stay radio active for a long time and the decision you make today will effect generations of Americans. Let them look back and say we chose well. Let them look back with love and respect upon our generation.

Please do not let EnergySolutions accept Italy's problem.

Thank you for your time,

Sincerely,

Lori Shields
