Subject: Stop EnergySolutions' Italian nuclear waste import submission

Insert personal comments here: : Dear Secretary of Office, I am not a girl of fancy terminology. I can not word things as persuasively as others, but I do know that importing 20,000 tons of Italian nuclear waste into the U.S. is something that the Nuclear Regulatory Commission should deny. I am afraid for this to happen. I am afraid for the health of America. I fear terrorists will be using this as a new means to attack us. What I don't understand is why we are allowing other countries to use us a dump. For these reasons I strongly believe that the allowance should be denied.
