Re: **Transfer of Control of License No. 21-32345-01**

Please find the complete Information Needed for Transfer of Control as required. This transfer is effective as of July 1, 2008. Therefore, we are asking for an expedited amendment request to prevent any disruption of clinical practice or patient care.

1. Michigan Heart & Vascular Specialists, P.C is entering into an asset purchase agreement with the Cardiac Institute, a wholly-owned subsidiary of Northern Michigan Regional Health System. The transaction includes the transfer of most of Michigan Heart & Vascular Specialists, P.C.'s assets to the Cardiac Institute.

If additional information is needed please contact Debra Noblett at 231-487-9807.

2. There is no change in personnel.
3. There is no change in the location, facilities, equipment, or procedures related to the current NRC license.
1. Our surveillance program is in compliance with NRC regulations and requirements. All programs will remain the same at the time control is transferred.
2. There is no change in the location, facilities, or equipment related to the transfer of control, therefore no decommissioning of the facility will be performed.
3. The Cardiac Institute will abide by all constraints, conditions, requirements and commitments of the licensed program.

Thank you for your cooperation with this matter. If you have any questions or require additional information please contact our physicist, Michelle L. Krizman, at (734) 662-3197.

Sincerely,
