Subject: Please Deny EnergySolutions' Import Application (IW023) submission

Comment : I'm writing to ask the Nuclear Regulatory Commission to deny EnergySolutions' request to import 20,000 tons of Italian nuclear waste into the U.S. It makes no sense to accept foreign nuclear waste when we haven't even resolved what to do with our own waste. As a resident of Utah, I know what it is to be considered a "dumping ground" for dangerous waste and obsolete weapons. This can not be purely a financial interest. You must consider residents of the U.S. and reject the application of Energy Solutions. Thank you.
