**Subject:** NO to Nuclear Waste in Utah!!!!

This is in response to the Nuclear Regulatory Commission docket # 11005710 about the importation of approx 20 K ( thousand) tons of recyclable nuclear waste to Tennessee, first for processing and then it will be fwd to Utah for storage. I strongly urge you to listen to the citizens of this state and NOT allow this importation to occur. Once we start allowing one foreign country to dump their nuclear waste to the US, when will it stop? Is the money too much of an incentive to put our lives and livelihood at risk? Will Utah be known as the dumping ground of the world? I say no to shipment of nuclear waste to Utah!!
