Subject: EnergySolutions Import License Application IW023.

The Nuclear Regulatory Commission is accepting public comments on a Utah-based company's application to import 20,000 tons of nuclear waste from Italy, process it in Tennessee and dispose the remainder in Utah.

Enough! Tennessee does not need to be processing Italy's nuclear waste or any one elses for that matter. Italy can process their own. At least let the Utah-based company handle it in Utah. NO!
