To whom it may concern,

Please don't turn our beautiful state of Tennessee into a radioactive waste processing facility for the world. I really do not see how it is the United States' responsibility to clean up the messes of the rest of the countries of the world. And I do not think that we should ruin the beauty and majesty of this great nation by being the world's radioactive dump. I absolutely DO NOT support the EnergySolutions Import License Application IW023. I am proud to be an American citizen and I take special pride in the amazing beauty and diverse landscapes of our country. I don't want to see it ruined by politicians and bureaucrats who think they know what is best for America. Please do not let this pass.

Thank you,
Brianne Simmons
