Subject: U.S. becoming world's dumping ground

Money must be the motivator for this atrocious act of deliberate disregard for our country's health and well-being. Enough greed! Does the United States ask foreign countries to dispose of their nuclear waste?

I moved to Tennessee to enjoy the beauty of nature, not to be exposed to the dangers of nuclear waste seepage in our water and soil.

I agree that other countries should bear their own responsibility of disposing of their own nuclear waste.

Thank you for introducing bipartisan legislation that will ban the importation of foreign nuclear waste.
