Subject: Please Deny EnergySolutions' Import Application (IW023) submission

Comment : Dear Office of the Secretary,

I'm writing to urge the Nuclear Regulatory Commission to deny EnergySolutions' request to import 20,000 tons of Italian nuclear waste into the U.S. This single request is many times larger than previous import licenses granted by the Commission and would therefore represent a serious departure in this country's policies for handling nuclear waste.

We have this country's waste to contend with. If a county is going to use nuclear, they have to be responsible for the waste.

Reject EnergySolutions application. It is Not a solution for America.
