Subject: Nuclear Dumping

To whom it may concern,

I do not want to see the processing of an application to allow 20,000 tons of radioactive waste from Italy, as proposed or any other country.

If we get into the business of letting other countries ship their nuclear waste to the U.S., they will all want to get in on it, and I don't want to see that happen. Those countries can take care of their own nuclear waste.

Thank you,

Mark Schowalter
