Subject: World's Dumping Ground

The importation of nuclear waste into the United States from another country is absurd. Why would we even consider this. Italy must take care of it's on waste or find another energy source. Italy's waste would in itself be too much, but it would also open the door wide to the rest of the world. Who in their right mind wants this? This is an asinine scheme.

ABSOLUTELY NOT!

Roy L. Cannon
