Dear Associate of the NRC,

I believe I have the right spot to contact NRC on this subject of Tennessee receiving nuclear waste from Italy.

I say no to this and hope in the future no nuclear waste is imported to TN. It needs to be dealt with at the source to be safest. Please do not allow the nuclear business to go in this direction of importing the problem of nuclear waste to other areas. Encourage finding out a way to handle this waste problem. Not transporting it around the world.

Sincerely,

John Anderson, MD
