Docket Nos. 52-012 and 52-013  
Request for Extensions for RAI Related to COLA Part 2 Tier 2 Chapters 2.4S and 2.5S

References 1 through 17 identified Nuclear Regulatory Commission (NRC) staff's requests for additional information (RAI) to be responded to within 45 days of the date of the letter. STP Nuclear Operating Company (STPNOC) is requesting a proposed schedule extension for responding to some of the RAI questions included in these references. The request is based on the limited availability of specialized resources such as hydrology and seismology expertise with the qualifications needed to prepare a response.

The attachment to this letter lists affected RAI questions related to COLA Chapter 2.4S and the proposed due date extensions for responses to be submitted to the NRC staff. Responses to RAI questions identified in References 1 through 13 not listed in this attachment are expected to be completed and delivered to the NRC staff by the original requested date, June 26, 2008.

Responses to RAI questions in References 14 through 17 related to COLA Chapter 2.5S will be submitted following the site visit by NRC staff, on a date to be determined.

There are no commitments in this letter.

If you have any questions, please contact me at 361-972-4626 or Bill Mookhoek at 361-972-7274.

I declare under penalty of perjury that the foregoing is true and correct.
