John,

Lou was kind enough to provide me with the agenda for Brew Barron's meeting with Klein and Svinicki. Very little about new plants - the only information requested of me was the schedule for subsequent applications, which you obviously knew since you sent me the letters.

Here is my draft outline of topics:

- Fleet performance and major projects
- New plant plans
- Plant staffing plans and related issues
- Security rule implementation
- Spent fuel management

I received a call from our NRC project manager regarding the June 19th meeting with Chairman Klein and Commissioner Svinicki. In the spirit of no surprises, he wanted to confirm whether you had any specific items for discussion beyond the primary goal which I believe is introductions, establishing a working relationship, and your initial perspectives as President, CEO & CNO.

Anything for either Operating or UniStar side? I told him I'd get back with him today.

Lou
