We have 4 emailed comments that should be processed sometime next week (about 6 or so requests to speak and 2 junk emails/advertisements). They are testing the system and once I get the green light I will process them all.

Laura,

This time the fax did come through! Thanks for sending the sheets again.

Have you and Tom checked for public scoping comments yet--automated emails and hard copies? I heard that there were serious glitches with the receiving process (and email address?) for Vogtle and South Texas. Let's hope these were addressed and that comments for Calvert Cliffs are coming in appropriately.
