FOIA/PA REQUEST
Case no. 2008-0257
Date Rec'd 6-19-08
Specialist Hashael
Related Case: _____

Dear FOIA Officer,

I recently came across a citation of some work done by someone at your agency named: H.R. Schwalb in 1982.

He/she mapped a geological structure in the area of _____ and produced a report entitled: "Paleozoic geology of the New Madrid area."

The report was published as: U.S. Nuclear Regulatory Commission, NUREG CR-2909, 61p.

I would like to acquire the report, but just as important to me is acquiring the data generated by this project.

I am attempting to combine the several seismological mapping efforts of the New Madrid Fault into a comprehensive picture of this complex and extremely dangerous geological formation.

Your cooperation with this request will be greatly appreciated. Please don't hesitate to contact me either at this e-mail address, or using the contact information provided below.

Thank you for your attention,

Josh Bill
