Re: Scoping Notice - Reynolds Ranch ISR  
Project Environmental Assessment

Dear Reader:

The Bureau of Land Management (BLM) is planning to prepare an Environmental Analysis (EA) for a proposed uranium in situ recovery (ISR) project to be known as the Reynolds Ranch.

Cameco Resources Inc. (CAMECO) has filed a Plan of Operations (POO) to conduct operations for locatable minerals under the general mining laws with the Bureau of Land Management (BLM), Casper Field Office, for a uranium in situ recovery (ISR) operation on public, fee, and state lands within Converse County, Wyoming. The proposed project is located in multiple Sections within Townships 36 and 37 North, Ranges 73 and 74 West, 6<sup>th</sup> Principal Meridian in Wyoming. The proposed project is located along Ross Road approximately 30 miles northwest of Douglas, Wyoming.

A scoping notice has been prepared for your review and information, both as an introduction to the proposed project and as a review of the basic procedures we intend to follow in the preparation of the EA. The scoping process is an opportunity for you to participate in the earliest phase of environmental assessment for the Reynolds Ranch ISR Project. We encourage your input and comments on the project. Information and comments you provide will enable us to assess alternatives for consideration in the environmental assessment.

We are conducting scoping for 30 days. If you are interested in participating in the scoping process, we request that you respond by supplying your written or e-mailed comments or concerns about the proposed activity by July 31, 2008. Please submit your comments to:

Tom Foertsch, Geologist  
Bureau of Land Management  
Casper Field Office  
2987 Prospector Drive  
Casper, Wyoming 82609

E-mail: [casper\\_wymail@blm.gov](mailto:casper_wymail@blm.gov)

A link to the Scoping Notice will be posted on the Wyoming BLM Casper Field Office homepage at [www.wy.blm.gov/cfo/](http://www.wy.blm.gov/cfo/). Your response is important and will be considered in the environmental analysis process. If you do respond, we will consider your comments in the analysis for the project. Please note that public comments submitted for this scoping review, including names, e-mail addresses, and street addresses of the respondents, will be available for public review and disclosure at the above address during regular business hours (7:45 a.m. to 4:30 p.m.), Monday through Friday, except holidays. Individual respondents may request confidentially. If you wish to withhold your name, e-mail address, or street address from public review or from disclosure under the Freedom of Information Act, you must state this plainly at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or

businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Thank you again for your interest in this process. If you have any questions regarding the project, your role, or our responsibilities, please contact Tom Foertsch at the address shown above or phone (307) 261-7630.

Sincerely,

Assistant Field Manager, Minerals and Lands
