Subject: Request for Addition of the James A. FitzPatrick Nuclear Power Station, Entergy Nuclear Operations, Inc. to the Registered Users List for C of C No. 5805 for Model CNS 3-55 Cask Package

Re: USNRC Letter "Certificate of Compliance No. 5805 for the Amendment for Model CNS 3-55 Package", Revision No. 25, Dated August 16, 2007, to Patrick L. Paquin, General Manager Engineering and Licensing, Energy Solutions

Dear Mr. Brach:

The letter referenced above sent by the USNRC Licensing Branch to all registered users of the Certificate of Compliance No. 5805, Revision 25 for Model CNS 3-55 Cask Package did not include James A. FitzPatrick (JAF) Nuclear Power Station now owned by Entergy Nuclear Operations, Inc. as a registered user. JAF was listed as a registered user under the previous owner, the New York Power Authority (Formerly the Power Authority of the State of New York).

Per direction from Robert A. Nelson and Michelle Debose of the USNRC Licensing Branch, this letter is being sent to formally request adding JAF to the registered users list for Certificate of Compliance No. 5805, Revision 25 and subsequent revisions for Model CNS 3-55 Package, under the current owner "Entergy Nuclear Operations, Inc., James A. FitzPatrick Nuclear Power Station, P.O. Box 110, Lycoming, NY 13093."

If you have any other questions regarding this matter, please contact Mr. John A. Solini of my staff at (315) 349-6828.

Sincerely,

John J. Solowski  
Radiation Protection Manager
