NUCLEAR REGULATORY COMMISSION
REGION III
2443 WARRENVILLE ROAD, SUITE 210
LISLE, ILLINOIS 60532-4352

JUN 25 2008

Mark Robert Ludka, M.D.
Radiation Safety Officer
Covenant Medical Center, Inc.
1447 N. Harrison
Saginaw, MI 48602

Dear Dr. Ludka:

Enclosed is Amendment No. 54 to your NRC Material License No. 21-01492-02 in accordance with your request. Please note that the changes made to your license are printed in **bold** font.

Please note that this amendment number is 54 not 53. Amendment 51 signed on March 12, 2008, should have been amendment 52 and amendment number 52 signed on April 28, 2008, should have been amendment number 53. Therefore, with this amendment adding Dr. Min as an authorized user, the numbering is corrected.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

You will be periodically inspected by NRC. Failure to conduct your program in accordance with NRC regulations, license conditions, and representations made in your license application and supplemental correspondence with NRC will result in enforcement action against you. This could include issuance of a notice of violation, or imposition of a civil penalty, or an order suspending, modifying or revoking your license as specified in the General Statement of Policy and Procedure for NRC Enforcement Actions.

Since serious consequences to employees and the public can result from failure to comply with NRC requirements, prompt and vigorous enforcement action will be taken when dealing with licensees who do not achieve the necessary meticulous attention to detail and the high standard of compliance which NRC expects of its licensees.

Sincerely,

A handwritten signature in black ink, appearing to read "Toyé L. Simmons". The signature is written in a cursive style with a large initial "T".

Toyé L. Simmons
Materials Licensing Branch
