Dear Mr. Butner:

We have reviewed the proposed changes to the California regulations, Radiation Control Regulations, received by our office on July 1, 2008. These regulations were reviewed by comparison to the equivalent Nuclear Regulatory Commission (NRC) rules in 10 CFR Part 71 and the requirements of the one amendment identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Phillip Scott on July 9, 2008.

As a result of our review, we have four comments that have been identified in the enclosure. Please note that we have limited our review to regulations required for compatibility and/or health and safety. Under our current procedure, a finding that the California regulations meet the compatibility and health and safety categories of the equivalent NRC regulation may only be made based on a review of the final California regulations. However, we have determined that if your proposed regulations were adopted, incorporating our comments and without other significant change, they would meet the compatibility and health and safety categories established in the Office of Federal and State Materials and Environmental Management Programs (FSME) Procedure SA-200.

We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in FSME Procedure SA-201, "Review of State Regulatory Requirements," please highlight the final changes, and provide a copy to Division of Materials Safety and State Agreements, FSME.

The SRS Data Sheet summarizes our knowledge of the status of other California regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the FSME website: <http://nrc-stp.ornl.gov/rulemaking.html>.

If you have any questions regarding the comments, the compatibility and health and safety categories, or any of the NRC regulations used in the review, please contact Kathleen Schneider, State Regulation Review Coordinator at (301) 415-2320 (email: kathleen.schneider@nrc.gov) or Monica Orendi at (301) 415-3938 (email: monica.orendi@nrc.gov).

COMPATIBILITY COMMENTS ON CALIFORNIA PROPOSED REGULATIONS

STATE SECTION		NRC SECTION	RATS ID	CATEGORY	SUBJECT and COMMENTS
1	30373(a)	71.0(c)	2004-1	[B]	<p>Purpose and scope</p> <p>California lists this section as a section not incorporated by reference. According to California's rationale this section is covered by 30373(a). However 30373(a) is not essentially identical to 10 CFR 71.0(c). California needs to either change 30373(a) to be essentially identical to 71.0(c) or change 30373(a)(1) to say "10 CFR 71, section 71.0 through 71.3 except 71.0(c), ...".</p> <p>California needs to correct the above in order to meet the Compatibility Category [B] designation assigned to 10 CFR 71.0(c).</p>
2	30373(a)	71.3	2004-1	[B]	<p>Requirement for a license</p> <p>California lists this section as a section not incorporated by reference. According to California's rationale this section is covered by 30373(a). However 30373(a) is not essentially identical to 10 CFR 71.3. California needs to either change 30373(a) to be essentially identical to 71.3 or change 30373(a)(1) to say "10 CFR 71, section 71.0 through 71.2 except 71.0(c), ...".</p> <p>California needs to correct the above in order to meet the Compatibility Category [B] designation assigned to 10 CFR 71.3.</p>
3	30373(a)(1)	75.105(a), (c), & (d)	2004-1	C	<p>Quality Assurance Program</p> <p>California states in its rationale that 71.105(c) & (d) are Compatibility Category D and therefore does not incorporate them by reference. This is incorrect. They are actually a Compatibility Category C and should be incorporated by reference.</p> <p>California needs to remove 71.105(c) & (d) from 30373(a)(1) in order to</p>

					meet the Compatibility Category C designation assigned to 10 CFR 71.105(a), (c), &(d).
4	30373(a)(1)	71.105(b)	2004-1	[C]	<p>Quality assurance program</p> <p>California states that 10 CFR 71.105(b) has the same essential objective as 71.103(b), and therefore they do not need to incorporate it by reference since they are already incorporating 71.103(b) by reference. However because the essential objectives of 71.103 are not the same as 71.105(b) California needs to remove 71.105(b) from its list of items not to be incorporated by reference.</p> <p>California needs to make the above change in order to meet the Compatibility Category [C] designation assigned to 10 CFR 71.105(b).</p>
