Getachew,

Attached please find AREVA NP Inc.'s non-proprietary, public response to the subject request for additional information (RAI). The attached files, as listed below, provide the technically correct and complete responses to both of the questions:

- "RAI 3 Response-US EPR DC (public).pdf"
- "RAI 3 Response-USEPR DC figures 19-47-13, 19-47-14, 19-47-15.pdf"

The proprietary, security-related sensitive information (SUNSI) version of the response is submitted via AREVA NP Inc. letter, "Response to U.S. EPR Design Certification Application RAI No. 3," NRC 08:037, dated May 30, 2008. An affidavit to support withholding of information from public disclosure, per 10CFR2.390(b), is provided as an enclosure to that letter.

The following table provides the page(s) in the response file, "RAI 3 Response-US EPR DC (public).pdf" containing the response to each question.

Question #	Start Page	End Page
RAI 3—19-47	2	25
RAI 3—19-48	26	29

The following table provides the pages in the response file, "RAI 3 Response-USEPR DC figures 19-47-13, 19-47-14, 19-47-15.pdf" containing the figures referred to in the response to RAI 3—19-47:

Question #	Start Page	End Page
RAI 3—19-47	1	3

The provided response meets NRC's stated expectation and supports the established review schedule for the U.S. EPR design certification application.

Sincerely,

Ronda Pederson

Attached please find the subject requests for additional information (RAIs). A draft of the RAIs was provided to you on April 14, 2008, and your staff has indicated that the RAIs are understood and no follow-up telecon was necessary. The schedule we have established for review of your application assumes technically correct and complete responses within 30 days of receipt of RAIs. For any RAIs that cannot be answered within 30 days, it is expected that a date for receipt of this information will be provided to the staff within the 30 day period so that the staff can assess how this information will impact the published schedule.
