RE: *Amendments for License Number 20-19545-03* 03034361

Dear Mr. Einberg:

Please find outlined herein our request to have our name changed on our NRC license from Severn Trent Laboratories to TestAmerica Inc. We would also like to remove the XRF sources from our license. We have properly disposed of these sources and paperwork confirming this is enclosed as attachment A.

- Item I-A The new name of the licensed organization is TestAmerica, Inc.
- B There will be no changes in personnel who have control over licensed activities. The Radiation Safety Officer has not changed.
- C Severn Trent Laboratories has become TestAmerica, Inc.
- D Relative to documentation concerning the transfer, I have enclosed a copy of the title page of the Purchase and sale Agreement.
- E There will be no changes in organization, location, facilities, storage or uses of any licensed material, equipment or procedures. The only thing that has changed is our name.
- F There will be no changes in the use, possession or storage of licensed materials.
- G All surveillance and records including leak tests and inventories were maintained at all times.
- H The status of the facility has not changed, just the name.  
Additional Corporate Information is as follows;

Re: Nuclear Source Disposal & Transfer of Ownership

Dear Tim,

## Nuclear Source Disposal

Thank you for the opportunity to present the following services for your nuclear disposal. Thermo Fisher Scientific, licensed by the state of Texas and the Nuclear Regulatory Commission (NRC), is a manufacturer of nuclear gauges for 50 years, since 1956. This offering is designed to transfer ownership of your nuclear source and meet Regulatory Compliance with the Nuclear Regulatory Commission. This proposal is valid for 60 days.

Thermo manufactures, provides a variety of nuclear services, and is based in Sugar Land (Houston), Texas. Thermo services include:

Installation of Nuclear Gauges  
Field Service – Service Agreements  
Radiation Safety Officer Training  
On-Site Nuclear Disposals  
Leak Testing  
Preventive Maintenance

Field Service Repairs  
Radiation Safety Training  
Nuclear Product Training  
Nuclear Audits  
Inventory

If you have any questions concerning this information or would like any additional information, please contact me at (713)272-4560 or I will contact you in the near future.

Sincerely,
