MAY 27 1992

The Honorable Jane C. Cameron
Mayor of the Township of Manchester
1 Colonial Drive
Lakehurst, New Jersey 08773

Dear Mayor Cameron:

Thank you for providing us the opportunity on April 22, 1992, to discuss with you and the other Manchester Township officials and residents their concerns regarding the control of radioactive material at Heritage Minerals. The additional effort by you and Messrs. Fressola, Richardson and Milner to tour the facility also allowed us to better explain the U.S. Nuclear Regulatory Commission's jurisdiction and responsibilities with respect to the licensed radioactive material at Heritage Minerals.

We share your desire for an expeditious cleanup of the Heritage Minerals site and trust that we have been responsive to your concerns.

If you have any further questions, please contact me at (215) 337-5281 or Marie Miller of my staff at (215) 337-5251.

Sincerely,
