Summary: I spoke with Mr. Oman concerning the licensee's activities and the pending need to renew the license. He stated that it was the licensee's intent to renew the license and that he was currently working on the application. He expects top complete the application by the end of the week and submit it to the NRC the following week. Mr. Oman also mentioned that he had received a request for a fee from the NRC. I stated that that was the annual fee and had nothing to do with the renewal process. I provided Mr. Oman with the address to send the application to and that no fee was required. If he had any questions, he could get back in touch with me.
