Subject: Annual Ground Water Report, Tuba City, Arizona, Disposal Site

Dear Ms. Roanhorse:

Enclosed is your copy of the *Annual Ground Water Report, April 2007 through March 2008, Tuba City, Arizona, Disposal Site*. The report describes the cumulative performance of the Tuba City site ground water remediation system in removing site-related contaminants from the Navajo Sandstone aquifer. Ground water extraction, treatment, and return of treated water to the aquifer continue to operate within the design parameters for this system.

Please call me at 970-248-6073 if you have any questions.

Sincerely,

Richard P. Bush
Site Manager
