SUBJECT: REQUEST FOR ADDITIONAL INFORMATION LETTER NO. 081 RELATED TO SRP SECTION 13.02.01 FOR THE BELLEFONTE UNITS 3 and 4 COMBINED LICENSE APPLICATION

Dear Ms. Sterdis:

By letter dated October 30, 2007, as supplemented by letters dated November 2, 2007, January 8, 2008 and January 14, 2008, Tennessee Valley Authority (TVA) submitted its application to the U. S. Nuclear Regulatory Commission (NRC) for a combined license (COL) for two AP1000 advance passive pressurized water reactors pursuant to 10 CFR Part 52. The NRC staff is performing a detailed review of this application to enable the staff to reach a conclusion on the safety of the proposed application.

The NRC staff has identified that additional information is needed to continue portions of the review. The staff's request for additional information (RAI) is contained in the enclosure to this letter.

To support the review schedule, you are requested to respond within 45 days of the date of this letter. If changes are needed to the final safety analysis report, the staff requests that the RAI response include the proposed wording changes.

If you have any questions or comments concerning this matter, you may contact me at 301-415-9967 or you may contact Joesph Sebrosky, the lead project manager for the Bellefonte combined license at 301-415-1132.

Sincerely,

Docket No. 52-014 and 52-015
SRP Section: 13.02.01 - Reactor Operator Requalification Program; Reactor Operator Training
Application Section: FSAR 13.2

QUESTION from Operator Licensing and Human Performance Branch

13.02.01-1

FSAR Section 13.2, Training, incorporates by reference NEI 06-13, "Technical Report on a Template for an Industry Training Program Description." NEI 06-13, Rev 1, is now available, and FSAR Appendix 13BB, "Standard Supplement to Generic Template NEI 06-13" partially addresses the changes in NEI 06-13, Rev. 1.

Please describe TVA's intentions regarding incorporation of NEI-06-13, Rev. 1, into the FSAR. Please address any remaining differences between the FSAR and NEI 06-13, Rev. 1, and justify any decision not to use the complete training program described in NEI 06-13, Rev 1.
