RE: Cardiac Care Associates, P.C.
Amendment Request
License Number: 45-25564-01 03035734

Dear License Reviewer:

Please amend our byproduct material license to add Sateesh Kesari, M.D. as an authorized user for all materials listed on our current license. Documentation attesting to his academic and clinical training are provided within Attachment A. Please refer to this section for details.

If you have additional questions regarding this pending licensing action, please contact Michael W. Lairmore at (201) 693-2277.

Sincerely,

Jill Hinker
Practice Administrator

ID No. 6855

Dear Dr. Kesari:

We are pleased to inform you that the Board of Directors of the Certification Board of Nuclear Cardiology (CBNC) has determined that your score on the certification examination of December 2007 meets the standards the Board has established for certification in nuclear cardiology. Congratulations on your achievement!

A passing score of 129 questions correct was determined by an independent panel of peers, representing the disciplines involved in the practice of nuclear cardiology, drawn from both private practice and academia.

The number of questions you answered correctly was 149. The attached chart shows the number of correct answers you had for each of the content areas. Also enclosed is a press release which you may wish to use to announce your successful completion of the 2007 exam.

As of now, you have "testamur" condition. Please be aware that this status has no real standing; however, once we have documentation that you have passed your Cardiology, Nuclear Medicine or Radiology boards we will change your status to Diplomate. You will receive your certificate at that time and will then be listed in the roster of Diplomates on the CBNC Website. Please remember that you must provide CBNC with documentation of your successful board within 2 years of passing the CBNC examination, and that your certification period will date from 2007.

It is important for future mailings that you keep the CBNC headquarters office informed of any address changes and so that the information in our online verification database is correct.

On behalf of the Board of Directors, I wish to thank you for your participation in the CBNC examination. Again, congratulations on your success.

Sincerely,

Robert J. Gropler, M.D.
President

TO WHOM IT MAY CONCERN

Dr. Sateesh Kesari has completed a nuclear cardiology training program that meets the requirements for Level 2 as outlined in the ACCF/ASNC COCATS guidelines for Nuclear Cardiology, revised 2006, within an accredited fellowship or residency program.

Dr. Kesari completed level 2 nuclear cardiology training between the dates of 2005 and 2007.

I attest that Dr. Kesari is competent to independently function as an authorized user under NRC 10 CFR 35.200 users.

Dr. Kesari completed a minimum of 200 hours of Radioisotope Handling Classroom and Laboratory Training which meets the requirements of the Nuclear Regulatory Commission as an integral part of her fellowship/residency program.

Sincerely,

Kenneth Ong
Program Director/Acting Chief of Cardiology

RADIOACTIVE MATERIALS LICENSE

License Number: VA 505-10

Amendment No: 02

12. Licensed material is only authorized for use by, or under the supervision of:

A. Individuals permitted to work as an authorized user in accordance with 12VAC5-481-1680 and 1690.

B. The following individuals are authorized users for medical use:

Authorized Users	Material and Use
Bhanumathi Krishnan, M.D.	Ga-67, I-123, Tl-201
Young D. Park, M.D.	Ga-67, I-123, Tl-201
Jonathan E. Yager, M.D.	Ga-67, I-123, Tl-201

13. The licensee is authorized to transport licensed material in accordance with the provisions of Chapter 481, Part XIII, 'Transportation of Radioactive Material.'

14. In addition to the possession limits in Item 8, the licensee shall further restrict the possession of licensed material to quantities below the minimum limit specified in 12VAC5-481-450 C for establishing decommissioning financial assurance.

15. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below. Chapter 481'Virginia Radiation Protection Regulations' shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulations.

A. Application dated May 17, 2001.

B. Letter dated August 30, 2001

C. Letter dated September 17, 2003.

D. Facsimile dated September 24, 2003.

E. Letter dated May 16, 2005.

F. Letter dated March 18, 2008.
