Gentlemen:

On September 21, 2007, I submitted draft Revision 20 of Topical Report SL-TR-1, S&L Nuclear QA Program, for approval. On June 12, 2008, I spoke with Project Manager H. Cruz and other NRC personnel. Based on this conversation we are withdrawing the September 21, 2007 submittal. S&L will provide the NRC with a new draft of Revision 20 with additional changes as agreed during the June 12 telephone conversation within two weeks.

Yours very truly,

Randall L. Kurtz
Quality Assurance Director
