Re: Amendment Request for Combination Import/Export license CBP1b-3

Dear Mr. Moore,

Weatherford International, Inc. (including subsidiaries and affiliate companies)[1] requests an amendment to our existing combination import & export license CPB1b-3 for Appendix P, Category 2 radioactive materials for multiple countries. The amendment is requested to reflect changes, both domestic and foreign, in our entity name and addresses, as well as changes to the countries of ultimate destination.

In consultation with Stephen Baker of OIP , it was determined that the cost for this license amendment will be $770, which is included as an enclosure to this submission with a completed NRC Form 629 for this amount.

If you have any questions related to this matter, please do not hesitate to contact me. My contact information can be found below.

Subject: Revision to Amendment Request for CBP1-b

Mr. Baker,

As per our discussion, Weatherford wishes to remove three countries from our license amendment request for CBP1-b. Specifically, remove India, Israel and Pakistan from the list of countries on page 3 of NRC Form 7.
