Gina & Tom:

Follow-up to our telecon today. As usual, "quality" White Flint space is not available - so I'm proposing a two-part meeting in two different locations: 1) Morning (~0800 - 1130) session in TWFN Cafeteria and 2) Afternoon session (~1230 - 1700) at NPOC offices. We will schedule the "large-attendance" topics (e.g., NRC feedback re COLA schedules, DCWG presentations re DCD Rev 5, another ??) for morning session and "lesser-attendance" topics (e.g., others we discussed) for afternoon session.

This approach is same we've implemented in past - accommodate unknown quantity of attendees + increase likelihood of staff/management attendance for large-interest topics and plan less attendance for focused topics. Please provide feedback - and plan to discuss "almost-final" agenda during next DCWG telecon.

FYI - current draft agenda for NEI meeting July 24:
- o 10 CFR Parts 30/40/70 update
- o RG 4.21
- o LWA Rule—definition of construction update
- o Update on how R-COLA standard content will be treated in the SER
- o ACRS process overview
- o RAI feedback/open items
- o First of a Kind Engineering (FOAKE) Inspections
- o FEMA reviews
