Attachments: Agenda for 8-7 Public Meeting.doc

Gina/ Tom,

Attached please find a DRAFT agenda for the 8/7 meeting.

Please take a look at the time allotments as well as the designated presenters. Please be advised that items 4 and 8 are still tentative pending confirmation of staff availability. Also, for those DCWG-led items, if you could get us copies of your presentations ahead of time, we will have a much better chance of coordinating NRC staff participation.

Look forward to discussing further with you tomorrow.

Andrea M. Johnson
Project Manager
U.S. Nuclear Regulatory Commission
Office of New Reactors
Division of New Reactor Licensing
NGE1 Projects Branch

Hi Tom,

Tom Williamson and I agree with your proposal for a split session. We'll talk with you next week about the agenda.

Have a good weekend!

Subject ESBWR DCWG Meeting - Aug 7th

Gina & Tom:

Follow-up to our telecon today. As usual, "quality" White Flint space is not available - so I'm proposing a two-part meeting in two different locations: 1) Morning (~0800 - 1130) session in TWFN Cafeteria and 2) Afternoon session (~1230 - 1700) at NPOC offices. We will schedule the "large-attendance" topics (e.g., NRC feedback re COLA schedules, DCWG presentations re DCD Rev 5, another ??) for morning session and "lesser-attendance" topics (e.g., others we discussed) for afternoon session.

This approach is same we've implemented in past - accommodate unknown quantity of attendees + increase likelihood of staff/management attendance for large-interest topics and plan less attendance for focused topics. Please provide feedback - and plan to discuss "almost-final" agenda during next DCWG telecon.

FYI - current draft agenda for NEI meeting July 24:
- 10 CFR Parts 30/40/70 update
- RG 4.21
- LWA Rule—definition of construction update
- Update on how R-COLA standard content will be treated in the SER
- ACRS process overview
- RAI feedback/open items
- First of a Kind Engineering (FOAKE) Inspections
- FEMA reviews

Tom
