2.206

The PRB meeting should be held no later than **(07/23/08)**

Once the PRB is held, Normal Garcia-Santos will let Mary Rodgers know how this ticket will be closed, i.e., acknowledgment letter (ack. ltr.) will be sent, not being treated as 2.206, etc.

After ack. ltr. Is sent, the due date for **G20080472** will be extended by 120 days from the date of the ack. ltr. For the proposed director's decision (DD) to be completed and mailed to the petitioner.

After the proposed DD has been provided to the petitioner, the petitioner has 30 days to comment.

The final DD should be completed 45 days from the **end** of the comment period.

EDO will adjust the due date to 75 days from the date of the ltr. Forwarding the proposed DD to the petitioner.

If the comments are not received on the 30th day, or if the comments received are extensive and more time will be needed than the 45 days, an extension request needs to be sent to RidsEDOExtension Request.

Please use TAC **LA0400** for all worked performed on this 2.206 action.
