and Environmental Management Programs
U.S. Nuclear Regulatory Commission
One White Flint North
11545 Rockville Pike
Rockville, Maryland 20852

Dear Dr. Miller:

On July 10, 2008, Wal-Mart Stores, Inc. ("Wal-Mart") provided you with notice that on June 12, 2008, Wal-Mart transferred a self-luminous exit sign with an unknown manufacturer name, model number, and serial number from Wal-Mart Store #1423 in St. John's, Michigan, to Isolite Corporation. A Certified Health Physicist who visited the store and inspected the sign determined that the sign was in fact not a self-luminous exit sign containing tritium, as originally reported, and confirmed those findings through radiological surveys of the device and surrounding areas. This report serves to correct Wal-Mart's July 10, 2008 report and provide notice that the unmarked sign transferred on June 12, 2008, was not a tritium-containing exit sign. Accordingly, Wal-Mart withdraws the referenced portion of the July 10, 2008 report.

If you have any further questions, please contact me at 479-204-9914.

Sincerely,

Richard Dailey

Radiation Safety Officer
Wal-Mart Stores, Inc.
