Scott:

No. The comments collected during the scoping period are being collated by our contractor, PNNL. Brief response will be made in the scoping summary report, which should be available in October 2008. More detailed responses will be made in the draft EIS, which is scheduled for issue in Feb 2009.

Importance: High

Gentlemen;

Had a call from a Baltimore Sun reporter wondering where he could see public comments on the Calvert Cliffs application. Do we have a centralized document yet? Please let me know this afternoon. Thanks.

Scott
