RECEIVED

Subject: Bon Secours Health System Press Release

Dear Mr. McKinley:

In follow up to our conversation this morning, this letter is to clarify the recent press release announcing the 'merger' of Bon Secours Richmond and Bon Secours Hampton Roads to fall under the leadership of Mr. Peter Bernard. This change is an internal restructuring in leadership only. Each facility and license has been and will remain under the parent company Bon Secours Health System Incorporated. Mr. Bernard has been the CEO for the Richmond Virginia region and will now assume leadership for Bon Secours entities in the state of Virginia.

For each NRC license, the administrator, the RSO and authorized users will remain the same.

Please contact me with any further questions or concerns.

Sincerely,

Teresa L. Crist, RTT, CMD
Director, Radiation Oncology Services
Bon Secours Richmond
