Devender,

I'll be on the road next week starting Wednesday morning (8/6). I can dial in if there is a conference phone number. Let's find out the availability of STP's technical staff and we'll decide when is the best time.

Greg,

Our technical reviewer is requesting a telephone conference on Turbine Gland Seal System. The purpose of this call is to clarify design information in the application. Hopefully, it would either simplify the RAI or remove the need for it.

I suggest a telephone call tomorrow (Friday, 8/01) at 10 am (EST). If this time is not convenient, please suggest an alternate. I'll call (362) 972-4626 unless advised otherwise.
