U.S. Nuclear Regulatory Commission  
Washington, DC 20555-0001

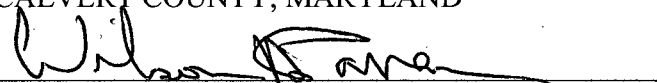

Dear Secretary Cook:

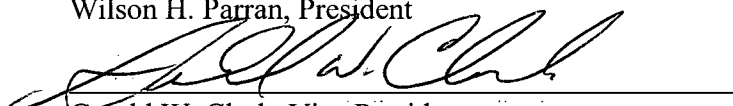

The Board of County Commissioners for Calvert County, Maryland, and Congressman Steny H. Hoyer have been contacted by Mr. David E. W. Lott expressing his interest in pursuing a solid waste incineration facility to be co-joined with Calvert Cliffs Nuclear Power Plant in Lusby, Maryland.

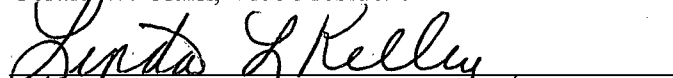

We are forwarding you his correspondence for review and response. We appreciate any information or direction you can provide for Mr. Lott.

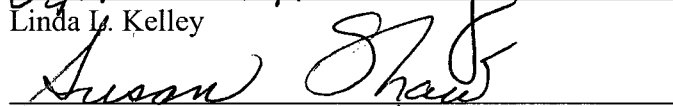

Sincerely,

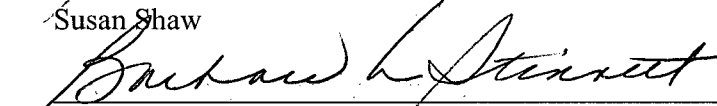

BOARD OF COUNTY COMMISSIONERS

Dear Mr. Lott:

Congressman Steny Hoyer forwarded us your letters regarding the feasibility of constructing a trash burning facility for the Southern Maryland region. We understand your concerns and frustrations and want to do our best to assist with the improvement of this situation as quickly as possible. Be assured that the counties of Southern Maryland have preliminarily investigated the possibility of constructing and utilizing a waste-to-energy facility, but find that our counties do not generate enough trash to support such a facility, physically and economically. We would be interested to hear from any business that is looking to build such a facility for their own use and would like us to supply them with trash as a fuel source.

Unfortunately, we do not have much voice over electricity-generating nuclear power facilities, as this is overseen by the United States Nuclear Regulatory Commission (NRC) and the United States Energy Department. Therefore, we are taking the liberty of forwarding your letter to the NRC and the Energy Department for review and response. Should you have any further questions regarding electricity-generating nuclear power facilities, we would advise you to contact the NRC and Energy Department offices directly.

Again, thank you for taking the time to bring your concerns and recommendations to our attention. If we can be of any further assistance to you, please do not hesitate to contact Mr. William Teter, Recycling Coordinator, at 410-326-0210, to discuss additional questions on this or any other solid waste or recycling related issue.

Sincerely,

BOARD OF COUNTY COMMISSIONERS

Dear Mr. Lott:

Thank you for contacting me with your thoughts regarding local recycling problems. I appreciate knowing your views on this matter.

Unfortunately, the issue about which you contacted my office is not a Federal matter. Therefore, I am taking the liberty of forwarding your letter to the Calvert County Board of County Commissioners for review and response.

I regret any potential inconvenience this might have caused. Should you have any further questions, I would advise you to contact the Commissioners' office directly.

With kindest regards, I am,

Sincerely yours,

I have been Contimplating  
OUR Trash Problems Im in Calvert County.  
Were Taking Trash from St Marys County,  
And Colmenating it with Calvert County.  
Then we Truck it to West Virginia, what A  
Waste of time & Money. I Perpose bulding  
With the Information from Christian Brother  
University, in Memphis Tennessee, which I  
have Spoken to About Salving our problem  
Using 2 Generating Units Powerd by The  
The Heat, you know the TVA Tennessee  
Valley Atharity Can't Generate Any Electrisisi  
g because the water is too warm & we are  
Sending them from our Nuclear Reactor  
I Beleve that with the Trash burning unit  
Powering Onet if on has down time for  
Maintance The Other runs to Keep Electric  
Power flowing at All time I would like  
to have a grant too too buld These Fresh  
Air Spueing Units Goble warming is  
Very SCARRY And Our Countrey Need to  
Change All Coal burning Units And  
Cemical Plant units that Arv't with in  
The Clean Air Act. Thankyou
