July 31, 2008

Docket No. 03009949
Control No. 142563

License No. 29-07213-03

Patricia Fehring White
Administrator
Columbus Hospital
495 North 13th Street
Newark, NJ 07107-1397

SUBJECT: COLUMBUS HOSPITAL, LICENSE TERMINATION, CONTROL NO. 142563

Dear Ms. Fehring White:

Please find enclosed Amendment No. 31 terminating License No. 29-07213-03 as requested by your letter dated June 26, 2008. From discussions with your consultant, Mr. Ira Garelick, we understand that the iodine-129 check source was transferred to Saint Michael's Medical Center under License No. 29-06759-01 and that no long-lived specifically licensed material (i.e., greater than 120 day half-life) was used under 10 CFR 31.11. This termination is being issued in accordance with the requirements of the applicable NRC License Termination Rule (10 CFR 30.36). All facilities previously used for licensed activities may be released for unrestricted use.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Academic, and Industrial Uses of Nuclear Material**; then **Regulations, Guidance, and Communications**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-866-512-1800. The GPO is open from 7:00 a.m. to 8:00 p.m. EST, Monday through Friday (except Federal holidays).

Your cooperation with us is appreciated.

Sincerely,

Original signed by Penny Lanzisera
