Subject: Columbus Hospital, Control # 142563

- Comments: Confirmation of:
1. Transfer of I-129 source
 2. Disposal of sharps container
 3. Removal of signs, etc.

I understand you have been in contact with Wayne Wong at NDP.

142563

6/23/08

The Remedy Sharps container was surveyed today with the Ludlum Model 14C (Calibrated 12/07) survey meter. Results showed the container was indistinguishable from the background rate of 0.03 $\mu\text{R/hr}$. All radiation labels were removed. This container will be disposed of with Columbus Hospital Sharps.

Pete G. Spelak

7/29/08

This also confirms that all Caution Radioactive Material signs + labels have been removed from the former Nuclear Medicine area. These were removed on or before July 8, 2008.
