Commitment Update Relating to Application for Order Approving  
Indirect Transfer of Control of Licenses

By letter dated July 30, 2007, and as supplemented on October 31, 2007, December 5, 2007, January 24, 2008, March 11, 2008, April 22, 2008 and May 2, 2008, Entergy Nuclear Operations, Inc., also referred to previously as ENOI, LLC (either company herein, ENO), acting on behalf of itself and Entergy Nuclear Generation Company, Entergy Nuclear FitzPatrick, LLC, Entergy Nuclear Vermont Yankee, LLC, Entergy Nuclear Indian Point 2, LLC, Entergy Nuclear Indian Point 3, LLC, and Entergy Nuclear Palisades, LLC (together, Applicants), requested that the Nuclear Regulatory Commission (NRC) consent to the indirect transfer of control of the above-captioned licenses pursuant to Section 184 of the Atomic Energy Act, as amended (the Act), and 10 CFR 50.80.

A001  
NRR

The indirect transfer of control results from certain planned restructuring transactions that would involve the creation of a new holding company, new intermediary holding companies and/or changes in the intermediary holding companies for the ownership structure for the corporate entities that hold the NRC licenses for Pilgrim, Indian Point 1, 2, and 3, FitzPatrick, Vermont Yankee, Palisades and Big Rock Point (together, the Facilities), including both the six corporate entities (named among the Applicants above) licensed for their ownership of the Facilities and ENO, which is the entity licensed to operate or maintain the Facilities.

In the letter dated May 2, 2008, ENO indicated that within the next few months, ENO will submit requests for administrative license amendments to conform the affected NRC licenses. ENO indicated in the Regulatory Commitment attachment to our May 2, 2008 letter our intent to make such amendment submittals by August 1, 2008. Submittal of the conforming amendments is predicated by the issuance of the NRC orders related to the indirect transfer; given the timing of the issuance of the orders it is necessary to update the schedule for the conforming amendments. ENO now anticipates submittal of the administrative license amendments to conform the affected NRC licenses by September 30, 2008.

If NRC requires additional information concerning this letter, please contact John McCann, Director, Nuclear Safety and Licensing, at (914) 272-3370 or [jmccan1@entergy.com](mailto:jmccan1@entergy.com).

I declare under penalty of perjury that the foregoing is true and correct. Executed on this 28th day of July 2008.
