Hi Mark and John,

I have received the decommissioning documents, and Jim Webb of NRC's Division of Waste Management and Environmental Protection is doing an acceptance review.

Jim and Steve Courtemanche of our Region I office in King of Prussia will visit Kodak on June 24. Steve will perform an inspection, and Jim will familiarize himself with the cavity and labyrinth for his review of the decommissioning documents.

I will be on leave that week and cannot come along, but I don't think you need me.
