Subject: Revisions to WCAP-16308-NP, "Pressurized Water Reactor Owners Group 10 CFR 50.69 Pilot Program – Categorization Process"

Project Number: 689

Dear Ms. Cruz:

Enclosed for the NRC's review are proposed revisions to WCAP-16308-NP, "Pressurized Water Reactor Owners Group 10 CFR 50.69 Pilot Program – Categorization Process," which are being provided in response to NRC feedback from the April 9, 2008 public meeting on the report. Attachment 1 contains a revised Table A-2 for incorporation in the report; Attachment 2 contains passive categorization guidance that reflects the changes proposed in Table A-2. The Pressurized Water Reactor Owners Group intends to, at the request of the NRC staff, update WCAP-16308-NP, Revision 0, to reflect the responses to the August 27, 2007 request for additional information and the revised Table A-2.

We look forward to completion of this topical report and issuance of the associated NRC safety evaluation.

Sincerely,

Biff Bradley
